SUMMARY

As a Engineering student, I can state that I am dynamic, open to learning, proactive, and capable of working in a team. I am knowledgeable in both front-end and back-end development and can manage a project. I am proficient in professional-level technologies such as HTML, CSS, JavaScript, React, NestJS, Python, .NET and SQL. Additionally, my problem-solving and communication skills are at a high level. I am willing to improve myself and learn new technologies.

WORK EXPERIENCE

- SDU Department of Information Technology - Developer(Part-Time)** Jan 2021 - present
- Web and Desktop Application Development with C#
 - Using ASP. Net Zero, Boilerplate
 - Video editing for department of information technology
- PeakUp Information Technology - Software Intern** June 2016 - August 2016
- Desktop Application Development with C#
 - Human Resources Management System with Powershell
- Mekteb-i Endustri - Editor and Social Media Manager** Feb 2020 - present
- Managing mektebiendustri.com and social media accounts
