SUMMARY

As a Industrial Engineer, I can state that I am dynamic, open to learning, proactive, and capable of working in a team. I am knowledgeable in both front-end and back-end development and can manage a project. The technologies I am trying to learn and working on HTML, CSS, JavaScript, React, NestJS, .NET and SQL. Additionally, my problem-solving and communication skills are at a high level. I am willing to improve myself and learn new technologies.

WORK EXPERIENCE

Innova Information Technologies - Software Developer September 2023 - present

Development of loyalty solution projects for various financial transactions of companies, service providers, and shopping centers is undertaken within the Innova PayFlex Loyalty team. A project named "PayFlex Discount" has been initiated and developed to assist in preserving and increasing the subscriber numbers for Turkish Telekom and Ttnet operators. The project focuses on the maintenance of existing subscriber counts and the acquisition of additional subscribers.

Campus Virtual Assistant with Deep Learning Support - TUBİTAK 2209 - A PROJECT

The aim of the project is to develop a chatbot to automatically respond to queries of users within the university. The chatbot will have a predefined set of questions and answers. Artificial intelligence technologies will be used to enable the chatbot to understand the queries and provide accurate responses.

- Python
- Tensorflow
- NLP
- TurkishStemmer

onlineisletmem.com - Software Developer

- An online reservation system for restaurants, cinemas etc
- Backend Development with Nest.js framework
- Frontend Development with React.js and Next.js
- Elasticsearch integration for raw data such as run-time api logs or payment logs
- Asynchronous communication between services via Apache Kafka
- Postgresql database with Typeorm

APPA - Software Developer

A Windows Forms application that creates a workout program based on data entered by athletes.

- Developing Windows Form Application With C#
- Linq
- SQL, DB First

COURSES / CERTIFICATES

Introduction to HTML5	Coursera
AspNet Core Web/API + Multi-layered architecture — Best Practices-Net6	Udemy
Foundations of Project Management	Google
Agile Project Management	BTK Akademi
Version Controller: Git ve GitHub	BTK Akademi

EDUCATION

2019 - 2023	Bachelor's Degree at Industrial Engineering
Süleyman Demirel University	
2023 - Present	Master's Degree at Industrial Engineering
Süleyman Demirel University	

SKILLS

Programming	C#, .NET, LinQ, SQL, Node.js, Nest.js (Typescript), Typeorm, React.js
Miscellaneous	Github, Apache Kafka, Elastic Search
Soft Skills	Time Management, Teamwork, Problem-solving

INTERESTS

Video Games I like playing League of Legends, Fifa
Reading I enjoy reading the Modern Classics series published by İş Bankası.
Sport I do bodybuilding

LANGUAGES

English Intermediate level English speaking proficiency.
